Order of the Secret Monitor Fund of Benevolence

2025-26 Annual Match Funding Report and Honorifics Collection

The OSM Fund of Benevolence was founded at the close of the 19th Century, and in December 1899 it was formally opened with a credit balance of seventeen guineas. The Fund annually distributes tens of thousands of pounds to Secret Monitor Petitioners and local community charities through its Match Funding Program.

During the 2025-26 Match Funding Program, the OSM Fund of Benevolence awarded **£16,600** to Provinces throughout England and Wales. The charities that benefit from the generosity of the Brethren around the world are wide and varied, however all have one thing in common – they were all raising funds for capital items to help those in need and make their lives just that little bit better.

During 2025-26 the Fund disbursed £16,600 in grants to 34 charities in England and Wales
